December 2014

Dear Praying Friends,

Merry Christmas! What a wonderful time of year. As I think about the Lord's birth I think about the work He established during His life. The local church and its ministries should be our focus today. One of these ministries is missions. I am thankful that God has called us into full time ministry in the area of missions.

From the Field

Many of you prayed for my friend Victor in Argentina. I reported earlier this year that he passed away. I was saddened to learn a couple of weeks ago that his dear wife Alicia recently died too. She gave a clear testimony of knowing the Lord as her savior. I look forward to seeing her again in Heaven.

BIO November Meeting

Each year in November BIO hosts a special meeting in Pigeon Forge, Tennessee. At the November meeting this year we honored my friend Neal Beard with what we call the Faithful Man Award. It is always enjoyable to spend time with Bro. Beard and his wife.

At the November meeting we had Bro. Norman Johnston speak for us. Though I met Bro. Johnston only a couple of years ago, he is quickly becoming a good friend and colleague in the area of missions. He challenged us with the fact that Christ commanded us to take the Gospel to the whole world, therefore the Lord had full confidence that we could do so. He then empowered us with the Holy Spirit to carry out the work which He commissioned. Jesus knew exactly the challenges we would face. Christ's commission to us in the area of world evangelism can be accomplished. Even as someone involved in missions in the way that I am, I was challenged and encouraged by Bro. Johnston's message to stay in the battle and follow our Commander.

BIO Training Center

After the November meeting we had a dedication service for the BIO Training Center which is in the lower level of the BIO office. This is a project we have been working toward for several months. While the training center construction and outfitting are not complete, we were able to use the space for a **SMART** training module on Leadership Development. If you would like to learn more about our **SMART** program go to: biomissions.org/smart

Thank you for your continued support for our ministry. We covet your prayers as we seek to honor the Lord in the work He has called us to. May God richly bless you, your family, and your church during this Christmas season.

David
